CAREER SUMMARY

Creative media and communications professional with over 7 years of experience driving business growth through powerful digital marketing and brand development strategies. I specialize in social media management, graphic design, Website development, and SEO-driven content. I have helped brands like **Stakeholder Democracy Network**, **Ikosh Nigeria Ltd.** and **Socialander** elevate their digital presence through optimized content and websites plus high-converting Ad campaigns. Seeking a role where I can apply my creative expertise to deliver measurable digital success.

CORE EXPERTISE

LinkedIn management and Ads manager | Facebook expert | Instagram manager | Graphics design | Website Development | SEO Specialist | Blog writer | Ads and campaign strategist | Blog writing | Report writing

SOCIAL MEDIA PAGES MANAGED

- **Socialander Digital Agency:**
<https://www.linkedin.com/company/socialander/>

<https://www.linkedin.com/company/ikosh-nigeria-limited/>

WORK EXPERIENCE

Digital Lead | Project Manager (On-site)

Stakeholder Democracy Network

01/2024- 11/2025

Business Type: NGO Community service

Link: <https://www.linkedin.com/company/stakeholder-democracy-network/>

Communications Manager

- Led social media communications for community projects and stakeholder events through field photography and structured weekly content planning.
- Converted on-ground project impact into high-engagement digital content, driving LinkedIn audience growth and attracting partnerships and donor interest.
- Strengthened organizational visibility by aligning visual storytelling and messaging with SDN's advocacy and community development goals.
- Supported data collection and content development for the organization's annual project impact magazine.
- Contributed to gathering and validating information to support ICT policy development in the Niger Delta region.

Digital Trainer | Project Coordinator:

- Managed an EU-support digital skills project for 1,500 women in the Niger Delta region.
- Designed the training structure for each cohort (1, 2, and 3).
- Coordinated post-training sessions for the trained women.
- Invited tech professionals who taught real-life applications of tech to the women.
- Collected outcomes and feedback data to identify participant issues and project successes.
